- 6.2 To ensure that we are prepared if an evacuation or lockdown is necessary in the event of a fire, bush fire, environment spill, severe storm, bomb scare, earthquake, siege, flood or other emergency.

7 Responsibilities

Head of Early Intervention

- Assume overall management responsibility for the implementation of emergency response procedures for major emergencies when present.
- Identify events that could reasonably produce an emergency situation and ensure that resources are provided to enable the development and implementation of emergency plans.
- Ensure all Kids Uni services are well rehearsed in emergency procedures.

Director/ Nominated Supervisor (Team Leader for EI)*

- Coordinate administrative functions as required including briefing and debriefing for emergency and exercises.
- Organise emergency evacuation drills every three months in long day care centres and every 6 months at EI.
- Conduct regular inspections in the workplace for prevention of incidents and emergency preparedness.
- Ensuring that emergency plan is readily identifiable and available to the appropriate persons.
- Attend training and exercises as required.

** In the absence of the Director, the Nominated Responsible person will act in the Directors role.*

8 Communication Plan - Contacting Emergency Services and Families

Emergency Services

- 8.1 Stay calm and call triple zero (000) for Kids Uni CBD or (0 000) For Kids Uni North, South, EI and iC from a safe place.
- 8.2 When your call is answered you will be asked if you need police, fire or ambulance
- 8.3 Provide your location: - suburb, include street number, street name and nearest cross street (for Wollongong campus services, refer ambulances to UoW Security building as below in 8.5).
- 8.4 Speak clearly answer the questions and provide the details of the emergency situation. Stay on the line and do not hang up until the operator tells you to do so.
- 8.5 For Kids Uni North, South, EI and iC contact UoW Security immediately to notify them that you have contacted emergency services. For North, EI and South, all emergency services are to be referred to the security building in the first instance – (Building 72, 58 Northfields Ave, Keiraville).
- 8.6 For services on campus (North, South, EI and iC) UoW Security will assist with supporting and managing families and other campus users who approach the site of an emergency. Our processes and policies around collection of children will be maintained to ensure that children are only being released to authorised persons.

Families

- 8.7 The timing and method of communication may need to be considered in consultation with Emergency Services and UOW Security. It may not always be appropriate to ask families to collect their children immediately. There may be times when Emergency Services do not want additional people brought into the area.
- 8.8 The methods of communication available are:
- online communication platforms – Kinderloop, Hubworks, Cliniko – these allow us to reach all families very quickly but could go unnoticed. They could be used in the first instance and then followed up with phone calls.
 - phone – service phones, phones available at emergency assembly points, centre mobile phones, Managers mobile phone, personal mobile phones.

9 Lockdown Procedure

In some emergency situations a building may be required to be “locked down” to prevent unauthorised access and protect occupants in one or more buildings.

- 9.1 In the event that a lock down is determined necessary, the person who identifies the emergency must inform all persons within the service. They may make the following announcement.

“This is a LOCKDOWN”
“This is not a fire drill”
“Everyone move to designated lockdown areas and await further instruction”

- 9.2 Educators must ensure that all children are moved to designated and/or safe and secure lock down areas. Educators must take iPad and other sign in sheets, emergency evacuation bags and emergency medication to the lock down area. If possible, educators will make efforts to seal and lock doors and windows and turn the lights off .
- 9.3 The Director or Responsible Person is to stay in contact with emergency services (and University Security for Kids Uni North, South, EI and iC) and follow their instructions. Educators not involved in the lockdown or without children to supervise are to liaise with emergency services if safe to do so.
- 9.4 Educators must check the sign-in register and check all signed-in children are present. Any absences must be reported to the Director as soon as it is safe.
- 9.5 All educators, children and anyone else present will remain in the lock down areas until the “All Clear Signal” is given. The Nominated Supervisor or Responsible Person will say :-

“The Lock Down has now ended. You are safe to leave the lockdown area”.

10 Emergency Evacuation Procedures and Drills

- 10.1 Emergency evacuation procedures (CHI-ADM-PRO-011) that are based on the service's floor plans will be prominently displayed near each emergency exit. The Emergency Evacuation Procedure details the steps to be taken in the event of an evacuation including specific roles that need to be carried out by staff
- 10.2 The service will utilise Hubworks or Cliniko (for EI) to access emergency telephone numbers. An iPad must be taken in an emergency or an evacuation.
- 10.3 Emergency telephone numbers will be displayed prominently throughout the service near all telephones.
- 10.4 The service will ensure educators are provided with training on how to use emergency equipment.
- 10.5 Fire extinguishers, fire blankets and other emergency equipment will be tested as recommended by the manufacturer by recognised authorities. All tests must be documented.
- 10.6 Emergency and evacuation procedures will be discussed with families and regular information will be provided to families. In our long day care services, families will be invited to attend our emergency drills throughout the year so that they are familiar with our processes and can discuss the drills with children at home.
- 10.7 The Director is responsible for ensuring that all educators, including relief educators and other staff members, are aware of the service's policies and procedures relating to Emergency Management and Evacuation.
- 10.8 Informal games and discussions can be used to familiarise children with the service's evacuation and emergency procedures.

11 Rehearsal Evacuation Drill (Every 3 Months for Long Day Care, Every 6 months for EI)

- 11.1 The service will add to each child's sense of security, predictability and safety by conducting rehearsal evacuation drills every three months in long day care and every 6 months at EI.
- 11.2 The drills will take place at various times of the day and week to ensure all children and staff members get the opportunity to rehearse. All persons present at the service during the evacuation drill must participate accordingly.
