

Welcome to

We are a multi-disciplinary team devoted to supporting young children with diverse abilities and their wider community. Our dedicated team is made up of teachers, inclusion specialists, occupational therapists, speech pathologists, psychologist and play therapists.

What services do we offer?

We offer a variety of early intervention services to children aged 1-5 years with a developmental difference, their families and communities. We believe a holistic and multi-disciplinary support approach is best practice in providing early intervention and offer services which reflect that belief.

Child Services	Parent & Carer Capacity Building	Inclusion Support, Professional Training & Guided Practice
ESDM (Early Start Denver Model) Assessments, 1:1 Therapy and Group Programs	Consultations	Community Visits
Speech Pathology Assessments and Therapy	Home Visits	Mainstream Preschool Visits
